## Can You Believe Everything Online?

## Question 1:

Chip says that sometimes people change pictures or make up stories online, like a "flying dog."

What does this mean?

- A) Everything online is 100% true.
- B) Not everything online is real, so you have to be careful.
- C) Dogs can actually fly if you look on the internet.

**Correct Answer:** **B**

Why? Chip says just because something is online doesn't mean it's real. People post things to get clicks or attention.

## Question 2:

**According to Chip, what are some 'clues' that a story might be fake?**

- A) It has weird spelling or sounds 'too good to be true.'
- B) It has a picture of a squirrel in it.
- C) It comes from a trusted school website.

# Correct Answer:

**Why?** If a story looks messy with bad spelling, or sounds impossible (like squirrels in outer space!), it is probably fake.

**Question 3: If you see a story from a website you have never heard of before, what does Chip suggest you do first?**

- A) Share it with friends.**
- B) Check the source or ask an adult.**
- C) Believe it immediately.**

**Correct Answer:** **B**

**Why?** The first rule is to “Check the Source.” If you don’t know who wrote the story, ask a teacher or parent to help you.
