Quiz Time!

Check with a Grown-Up

CyberNut

Question 1:

Chip says that if he sees something strange in the forest, he stops and sniffs. What should YOU do if something online looks weird or ‘too good to be true’?

A) Click it to see what happens.
B) Stop and check with a grown-up.
C) Unplug the computer immediately.

CyberNut

Correct Answer: B

Why? Just like Chip pauses to sniff, you should pause to think! If it looks confusing or weird, that is your clue to ask for help.

CyberNut

Question 2:

According to Chip, if you ask a parent or teacher for help with something online, what does that mean?

A) It means you are being smart and safe.
B) It means you are in big trouble.
C) It means you aren't good at using the internet.

CyberNut

Correct Answer: A

Why? Chip wants you to remember that asking for help doesn’t mean you did something wrong. It means you are being a cautious squirrel!

CyberNut

Question 3: If a pop-up suddenly asks for your name or information, what is the rule?

A) Type your name, but do not type your address.

B) Do not click or type anything—show an adult right away.

C) Guess what the answer might be.

CyberNut

Correct Answer: B

Why? The recap told us: Stop if it feels weird, and do not click or share info until an adult says it is safe.
