Classroom Technology Rules

Question 1:

Chip says, "Crumbs and sticky fingers don't mix with keyboards."

What is the first rule before touching your device?

- A) Eat your snack quickly.
- B) Wash or wipe your hands.
- C) Put on your mittens.

Correct Answer: 

Why? Chip reminds us that
clean hands mean clean tech!
We don't want food or dirt
getting stuck in the keys.

Question 2

Chip says tablets and laptops are fragile, kind of like they are made of glass. How should you treat them?

- A) Be gentle and never toss them.
- B) Tap the screen as hard as you can.
- C) Close the lid with your pencil inside.

Correct Answer: **A**

Why? Technology breaks easily if we are rough. Chip says no tossing, no hard tapping, and no pencils left inside!

Question 3:

Who decides which websites or apps are safe for you to use in the classroom?

- A) You can pick whatever you want.
- B) Your best friend.
- C) Your teacher.

Correct Answer: C

Why? Rule number three is to use tech the right way. That means only going where your teacher says it is okay to go.
