## Taking Care of Your Device

**Question 1: Chip says your device is like a learning buddy. What is the best way to carry it so it doesn't get hurt?**

- A) Hold it by the screen with one hand.
- B) Swing it by the cord like a yo-yo.
- C) Hold it with two hands and keep it closed.

Correct Answer: **C**

Why? Chip says squirrels don't run with open nut shells, and you shouldn't walk with an open laptop! Two hands keep it safe from falling.

Question 2: Uh oh! You are thirsty. What does Chip say about having drinks near your laptop or tablet?

- A) Keep food and drinks far away.
- B) It's okay if the drink has a lid.
- C) Put your juice box on the keyboard.

**Correct Answer: A**

Why? Even a small spill can make a big mess and break your device. Keep it clean and dry!

### Question 3:

When you are finished using your device for the day, where should you put it?

- A) Under your bed.
- B) On the floor so you can find it later.
- C) In a safe place or on a charger.

**Correct Answer: ©**

**Why? The floor is dangerous because someone might step on it. Chip says to treat your device like a treasure—store it safely!**
